REDUCE CONSTRUCTION TIMES!

Concrete curing

BHS concrete curing cable

Durable heating cable for curing, heating and drying concrete. Fitted to the lower reinforcement grid. Can be reconnected for efficient drying. One connection end, easy and quick to lay. 2-wire type.

Cold cable: 2 m cable fitted
Connector: CEE or Schuko
Voltage: 230 V
Guarantee: 2 years
CE-marked: Yes

Article no.	Article	Connector	Length	Power
E 89 604 90	BHS	CEE	85 m	3500 W
E 89 604 96	BHS	Schuko	85 m	3500 W
E 89 604 92	BHS	CEE	35 m	1400 W
E 89 604 93	BHS	Schuko	35 m	1400 W
E 89 604 94	BHS	Schuko	20 m	735 W
E 89 604 95	BHS	Schuko	10 m	380 W
E 89 604 97	BHS	Schuko	3.3 m	130 W
E 06 249 27	Lashing wire, plasticised		12 m (for about 12 m ²)	

"A smart, easy and reliable method for fast curing and reducing form removal times."

Frost guard base plate

Resilient heat cable for base plates, protects against costly and time consuming frost heave on building sites. Easy to install in the sand layer at the pit bottom, turned on when the cold weather strikes. 2-wire type

Cold cable: 2 m cable fitted
Control: Manually or via a thermostat
Voltage: 400/230 V
Connector: CEE or Schuko
Guarantee: 2 years
CE-marked: Yes

Article no.	Article	Connector	Length	Voltage	Power
E 89 604 88	FGP	CEE	235 m	400 V	3800 W
E 89 604 89	FGP	Schuko	135 m	230 V	2200 W

Ebeco Pillar heater

Reliable cable for curing pillars and walls. For repeated use. 4 x 4 m cable, of which 3 m is a heat cable, possible to modify lengths. Rubber cable with power socket. Double-pole earth fault relay, operation indicator diode.

Protection rating: IP 55
Guarantee: 2 years
CE-marked: Yes

Article no.	Article	Size	Power
E 89 604 98	Pillar heater	4 x 4.0 m	360 W
E 89 604 99	Spare cable	4.0 m	90 W

TAKE CONTROL OF THE COLD!

Thawing frozen ground and heating

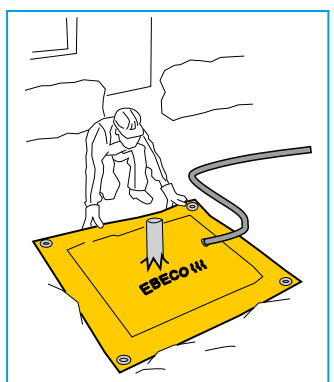

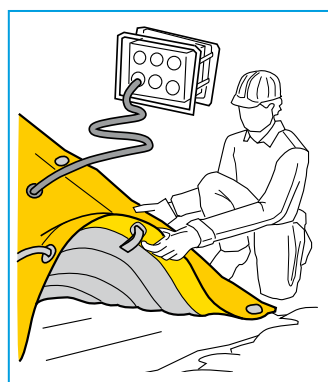

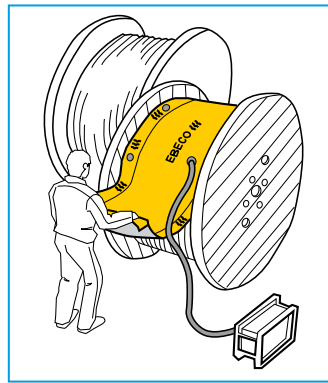

Ebeco Heating mat

Flexible heating mat for thawing and heating in a range of applications. A low-cost and eco-friendly system for thawing up to 30 cm of ground frost in one day and up to 60 cm in sandy ground. Developed to cope with stringent demands and tough environments. Eyelets on the sides for attaching or suspending.

Material: Hard-wearing PVC-lined nylon
Connection cable: 2.5 m cable fitted, earthed plug
Voltage: 230 V
Guarantee: 2 years
CE-marked: Yes

Article no.	Article	Size	Power
E 89 605 03	Heating mat	3 x 1.0 m	1,000 W
E 89 605 07	Heating mat	5.8 x 0.8 m	1,500 W
E 89 605 00	Heating mat with hole (Ø 195 mm)	1 x 1 m	330 W

"A mobile, easy and efficient solution to quickly removing ground frost, ice and snow."

Range of applications

- Thawing of ground, sand, water pipes, sewage pipes, fodder in silos and silage bales.
- Heating electrical and telephone wires, machinery and when laying bricks.
- Well drilling - specially designed model with hole for the well casing.

**DO NOT LET
WINTERS BE COSTLY!**

Frost protection pipes

Ebeco F-10

Self-regulating heating cable for frost protection of pipes. Mobile and easy to install. It can be cut and crossed as required to suit any pipe without the risk of overheating. We recommend however a thermostat for extended lengths and when laying the cable indoors.

Max.connection length (10 A) outside the pipe: 100 m
Max.connection length (10 A) inside the pipe: 60 m
Guarantee: 2 years
CE-marked: Yes

Range of applications

- Water and sewage pipes,
- Water meters
- Caravans
- Drainpipes
- Greenhouses

Range

F-10 is available by the meter on a drum and in pre-cut lengths with a plug, known as the Ebeco Frost guard. The range of pre-cut lengths has now been increased with lengths up to 100 metres now available.
